

## New & Remanufactured Engine Components

### FUEL INJECTION COMPONENTS:

Engine Rebuilders fuel injection pumps and injectors are designed to provide customers with a low cost alternative to new that minimizes downtime. All Engine Rebuilders fuel system components are built to meet or exceed OE specifications and are tested to ensure performance.

- Reduce downtime with exchange components
- Cost effective alternative to new
- Remanufactured using OE specifications
- 100% tested to ensure performance

### TURBOCHARGERS:

Engine Rebuilders offers a variety of new and remanufactured turbochargers for Kubota, Deutz, Perkins and Shibaura (New Holland) engines. All remanufactured turbochargers are disassembled, cleaned, detailed, machined and tested to meet or exceed OE specifications. In cases where a remanufactured turbocharger is not available, Engine Rebuilders offers new replacements.

### FUEL INJECTION COMPONENTS:

Engine Rebuilders reman cylinders heads are the highest quality and most cost effective replacements available. With years of experience, Engine Rebuilders understands the inherent design issues with certain cylinder heads and stocks the most commonly replaced heads for quick shipping and minimized downtime.

Each cylinder head is machined to meet or exceed OE specifications and are fully loaded with valves, springs and keepers making them ready for installation. Top end gaskets kits are also available. Please call for details.

### A RECORD OF RELIABILITY

We've been supplying new muscle to used compact and industrial equipment for over 45 years, the longest track record you'll find. Veteran machinists, some that have been here since our start, have drawn up detailed procedures for rebuilding each make of engine and associated component so every order meets the same quality standards. Every engine and component is remanufactured to meet or beat OEM specifications. A remanufactured engine from Engine Rebuilders is much more than just repaired.

### WARRANTY COVERAGE

Engine Rebuilders warrants the parts to be free from defect in material for a period of 6 months from date of sale.
