APPLICATIONS

Engine Rebuilders will offer the Doosan D24 long block which can be used in Tier 4 Bobcat skid steers and track loaders. (S550, S650, T450, T550, and T650) plus other compact equipment including Doosan excavators.

ABOUT ENGINE REBUILDERS DOOSAN D24 LONG BLOCK

- Assembled in the USA.
- Every engine is completely disassembled, cleaned and inspected.
- All parts are either replaced with new or re-machined to meet OEM specifications and internal wear items including rings, bearings, bushings, gaskets and seals are replaced 100% with new.
- All other components are inspected under strict guidelines to ensure they meet the fit, form and function of the original OEM part. All parts not within tolerances are replaced.

A RECORD OF RELIABILITY

We've been supplying new muscle to used compact equipment for over 40 years, the longest track record you'll find. Veteran machinists, some that have been here since our start, have drawn up detailed procedures for rebuilding each make of engine - so every engine you order meets the same quality standards. Every engine is remanufactured to meet or exceed OEM specifications. A remanufactured engine from Engine Rebuilders is much more than just repaired.

WARRANTY COVERAGE

Off-Road Complete Drop-In configurations: 1yr/2,000 hours - whichever occurs first.
